Happy New Year to Universal's Customers from the Past, Present & Future

Since its founding in 2007, Universal Remodeling & Handyman Services, LLC has become a leading remodeling business in the Statesville, Mooresville and Lake Norman area. The company's owner, Scott Sharpe, wanted to be closer to his daughter that was starting kindergarten at Cool Springs so he moved to Statesville in 2007 from Asheville and started the company. The company started quickly expanding its operations and continues to grow. When Scott is asked how Universal has grown in a declining economy,

"Our goal has always been to provide reliable, high quality maintenance, repair, and remodeling services at reasonable prices that is backed by great customer service."

Universal's formula for success is a mixture of reliability, high quality work, and reasonable rates topped with outstanding customer service.

What's happening?

Barium Springs Fund Raiser

For the 3rd year, Universal has dedicated resources to Barium Springs Home for Children by installing a swing set and raising funds in conjunction with the Statesville Chamber of Commerce Leads group.

Leadership Statesville 2013

Mike Jester has taken a leadership role in the Statesville-Iredell community in collaboration with local and regional leaders in pursuit of becoming a better leader for our business and the community.

Tell us and get 20% off labor.

In our pursuit of continuous improvement, we want to hear from you about what makes a great remodeling project company and what frustrates you the most. Email your feedback to Scott and get a 20% off offer on your next project.

Handyman for President

We would like to thank everyone who voted in our Handyman for President. Based on the most votes, our new President is Mike Jester. We enjoyed the presidential debates, raising campaign funds for Relay for Life, and trying to win your vote.
